➔ A checked box indicates the policy is applicable to that market either entirely, or partially, as indicated within the policy.

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this policy.

PURPOSE:

There are a number of procedure codes that by their terminology and intent do not apply to commercial products. These codes are typically, but not always, developed by the Centers for Medicare & Medicaid Services (CMS) specifically for the Medicare Program.

REIMBURSEMENT GUIDELINES:

Unless otherwise specified, the codes listed in **Appendix A**, are not covered by the Plan under Commercial products and if reported will be denied as non-billable to our members.

Note: These codes should be reported for Medicare Advantage business, as appropriate, to collect data on patient function/severity, participation in sponsored trials etc. Commercial facility claims using the OPPS methodology may use certain G codes in processing. The Informational codes may not be payable, but all code lines will be separately reviewed for coverage based on the member's benefits and policy application. Submission of these codes is optional and not required for claim payment under either Commercial or Medicare Advantage products.

➔ A checked box indicates the policy is applicable to that market either entirely, or partially, as indicated within the policy.

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this policy.

PURPOSE:

There are a number of procedure codes that by their terminology and intent do not apply to commercial products. These codes are typically, but not always, developed by the Centers for Medicare & Medicaid Services (CMS) specifically for the Medicare Program.

REIMBURSEMENT GUIDELINES:

Unless otherwise specified, the codes listed in **Appendix A**, are not covered by the Plan under Commercial products and if reported will be denied as non-billable to our members.

Note: These codes should be reported for Medicare Advantage business, as appropriate, to collect data on patient function/severity, participation in sponsored trials etc. Commercial facility claims using the OPPS methodology may use certain G codes in processing. The Informational codes may not be payable, but all code lines will be separately reviewed for coverage based on the member's benefits and policy application. Submission of these codes is optional and not required for claim payment under either Commercial or Medicare Advantage products.

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this policy.

PURPOSE:

There are a number of procedure codes that by their terminology and intent do not apply to commercial products. These codes are typically, but not always, developed by the Centers for Medicare & Medicaid Services (CMS) specifically for the Medicare Program.

REIMBURSEMENT GUIDELINES:

Unless otherwise specified, the codes listed in **Appendix A**, are not covered by the Plan under Commercial products and if reported will be denied as non-billable to our members.

Note: These codes should be reported for Medicare Advantage business, as appropriate, to collect data on patient function/severity, participation in sponsored trials etc. Commercial facility claims using the OPPS methodology may use certain G codes in processing. The Informational codes may not be payable, but all code lines will be separately reviewed for coverage based on the member's benefits and policy application. Submission of these codes is optional and not required for claim payment under either Commercial or Medicare Advantage products.

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this policy.

PURPOSE:

There are a number of procedure codes that by their terminology and intent do not apply to commercial products. These codes are typically, but not always, developed by the Centers for Medicare & Medicaid Services (CMS) specifically for the Medicare Program.

REIMBURSEMENT GUIDELINES:

Unless otherwise specified, the codes listed in **Appendix A**, are not covered by the Plan under Commercial products and if reported will be denied as non-billable to our members.

Note: These codes should be reported for Medicare Advantage business, as appropriate, to collect data on patient function/severity, participation in sponsored trials etc. Commercial facility claims using the OPPS methodology may use certain G codes in processing. The Informational codes may not be payable, but all code lines will be separately reviewed for coverage based on the member's benefits and policy application. Submission of these codes is optional and not required for claim payment under either Commercial or Medicare Advantage products.

Applicable Medicare Advantage Market PA WV
Applicable Claim Type UB 1500

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this Policy.

PURPOSE:

There are a number of procedure codes that by their terminology and intent do not apply to commercial products. These codes are typically, but not always, developed by the Centers for Medicare & Medicaid Services (CMS) specifically for the Medicare Program.

REIMBURSEMENT GUIDELINES:

Unless otherwise specified, the codes listed in **Appendix A**, are not covered by the Plan under Commercial products and if reported will be denied as non-billable to our members.

Note: These codes should be reported for Medicare Advantage business, as appropriate, to collect data on patient function/severity, participation in sponsored trials etc. Commercial facility claims using the OPPS methodology may use certain G codes in processing. The Informational codes may not be payable, but all code lines will be separately reviewed for coverage based on the member's benefits and policy application. Submission of these codes is optional and not required for claim payment under either Commercial or Medicare Advantage products.

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this Policy.

PURPOSE:

There are a number of procedure codes that by their terminology and intent do not apply to commercial products. These codes are typically, but not always, developed by the Centers for Medicare & Medicaid Services (CMS) specifically for the Medicare Program.

REIMBURSEMENT GUIDELINES:

Unless otherwise specified, the codes listed in **Appendix A**, are not covered by the Plan under Commercial products and if reported will be denied as non-billable to our members.

Note: These codes should be reported for Medicare Advantage business, as appropriate, to collect data on patient function/severity, participation in sponsored trials etc. Commercial facility claims using the OPPS methodology may use certain G codes in processing. The Informational codes may not be payable, but all code lines will be separately reviewed for coverage based on the member's benefits and policy application. Submission of these codes is optional and not required for claim payment under either Commercial or Medicare Advantage products.

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this Policy.

PURPOSE:

There are a number of procedure codes that by their terminology and intent do not apply to commercial products. These codes are typically, but not always, developed by the Centers for Medicare & Medicaid Services (CMS) specifically for the Medicare Program.

REIMBURSEMENT GUIDELINES:

Unless otherwise specified, the codes listed in **Appendix A**, are not covered by the Plan under Commercial products and if reported will be denied as non-billable to our members.

Note: These codes should be reported for Medicare Advantage business, as appropriate, to collect data on patient function/severity, participation in sponsored trials etc. Commercial facility claims using the OPPS methodology may use certain G codes in processing. The Informational codes may not be payable, but all code lines will be separately reviewed for coverage based on the member's benefits and policy application. Submission of these codes is optional and not required for claim payment under either Commercial or Medicare Advantage products.

Reimbursement Policy designation of Professional or Facility application is based on how the provider is contracted with the Plan. This Policy supersedes direction provided in Bulletins prior to the effective date of this Policy.

PURPOSE:

There are a number of procedure codes that by their terminology and intent do not apply to commercial products. These codes are typically, but not always, developed by the Centers for Medicare & Medicaid Services (CMS) specifically for the Medicare Program.

REIMBURSEMENT GUIDELINES:

Unless otherwise specified, the codes listed in **Appendix A**, are not covered by the Plan under Commercial products and if reported will be denied as non-billable to our members.

Note: These codes should be reported for Medicare Advantage business, as appropriate, to collect data on patient function/severity, participation in sponsored trials etc. Commercial facility claims using the OPPS methodology may use certain G codes in processing. The Informational codes may not be payable, but all code lines will be separately reviewed for coverage based on the member's benefits and policy application. Submission of these codes is optional and not required for claim payment under either Commercial or Medicare Advantage products.
