

PA WESTERN REGION PARTICIPATING INDEPENDENT LABORATORIES

Participating freestanding outpatient laboratories

In addition to lab services provided at participating network hospitals, there are independent freestanding laboratories that are participating outpatient lab providers. These include, but are not limited to, the following labs in the Western Region:

- Associated Clinical Laboratories (in northwestern Pennsylvania)
- Genesis Medical Laboratory (Pittsburgh area)
- LabCorp
- Pennsylvania Automated Services (Westmoreland County)
- Quest Diagnostics

Please refer to the *Provider Directory* for the most complete, up-to-date listing of participating independent laboratories, including specialty labs, and for addresses and contact information for those labs listed above.

The *Provider Directory* is available on the home page of our public website at www.highmarkbcbs.com. Click on the **FIND A DOCTOR OR RX** tab, and then select **Find a Doctor, Hospital or Other Medical Provider**. Select **Diagnostic & Imaging Centers** from the dropdown of available search options.
