- Miscellaneous J-codes (J3490, J3590, J8499, J8999, J9999) may require authorization on a drug-by-drug basis. The authorization information **will not** be identified in the Provider Search Tool due to system limitations. Please refer to notifications of authorization requirements posted on the provider update webpage: <https://www.HighmarkWholecare.com/provider/medicaid-resources/medicaid-provider-updates>. When permanent HCPCS codes are assigned to medications, the lookup tool below will be updated to reflect the authorization requirement.

Please utilize the Portal Code Search Tool to research authorization requirements for all other codes currently requiring authorization. The reference list attached outlines codes requiring authorization not included in the services listed above.

Attention:
