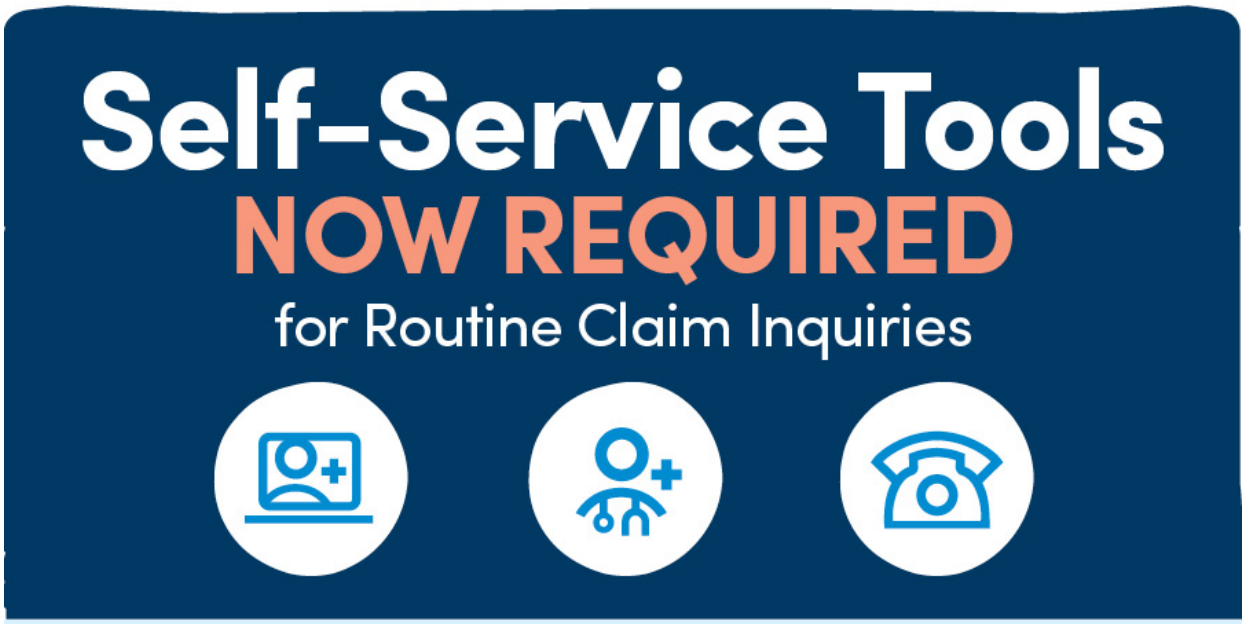
HIGHMARK. WEST VIRGINIA

PROVIDER NEWS

A newsletter for the Highmark Blue Cross Blue Shield West Virginia providers

Issue 7, July 2023



Highmark is requiring providers to use our **self-service tools** for questions related to claim status or claim investigations effective **July 26, 2023**.

Why Is This Change Happening?

There are several reasons why we are making this change:

- Our electronic, self-service tools — available 24 hours a day — are the fastest and most effective ways for providers to get answers to routine claim inquiries.
- Phone calls take more time, are less efficient, and can only be processed during normal business hours.
- Call volumes at Highmark have remained higher than normal, resulting in extended wait times, even with increased support within our call centers. Many of these calls

are for routine claim inquiries, which delays responses to urgent and more complex matters.

Shifting all routine claim inquiries to our self-service tools will help reduce wait times and allow you to speak more quickly to a provider representative when you have a unique or urgent need.

Self-Service Tools – Answers at Your Fingertips

The Provider Call Center will no longer be able to provide information regarding claim status and claim inquiry.* Instead, our representatives will direct you to our self-service tools that are available by logging into NaviNet® or by using our Interactive Voice Response (IVR) system.

These tools are the preferred way to get quick answers for many needs, including:

- **Claim status inquiries**
- **Claim investigations**

This does not apply to our FEP business or our NY and SEPA regions at this time.

NaviNet

NaviNet's Quick Start Guide — available on the Provider Resource Center — has step-by-step procedures for conducting both claim status inquiries and claim investigations. The guide features easy-to-follow instructions accompanied by screenshots showing users what to do during each step.

The Claim Status Inquiry function allows you to view real-time, detailed claim information for any member, whether claims were submitted electronically or on paper. You can track the status of a claim from the start of the adjudication process until the time of payment.

IVR

Highmark's IVR system enables providers and their teams to make routine claim inquiries via telephone. To check on the status of a claim, follow these steps:

- **Call the Provider Service Center for your region.**
- **Enter the following information:**

- Provider's NPI number.
- Member's Highmark ID or Social Security number.
- Member's birthdate.
- Say "Claims" and then enter or say the date of service.

The system will provide a summary of the claim, including service date(s), charges, process date, and member responsibility. If you ask for "More Details," you will also receive information, such as claim number, the number of charges on the claim, provider responsibilities, and paid amount.

For more information regarding Highmark's self-service tools, see the recent Special Bulletin.

PROVIDER NEWS

A newsletter for the Highmark Blue Cross Blue Shield West Virginia providers

Issue 7, July 2023

As announced in *Provider News* last month, Highmark will be replacing its existing provider portal NaviNet® with Availity® Essentials.

Availity will offer both live and on-demand training to providers. Training dates and information will be posted on the Provider Resource Center when available. You also can ensure you receive information on training updates when you sign up for our eSubscribe list.

The transition to Availity will occur in stages. Here's the scheduled timeline:

1. **August and September 2023:**
   Highmark will engage a pilot group of providers to ensure a seamless transition.

2. **October 22, 2023:**
   Providers who currently use Availity for other payers will see Highmark as an

option in the states where they are contracted.

3. **February 5, 2024:**
   Availity will be available for all Highmark providers.

4. **March – June 2024:**
   Highmark will retire its use of NaviNet® and HEALTHeNET (NY).

*(**Note:** Highmark Wholecare and Highmark Health Options will not transition to Availity; providers should continue to use their current portals for transactions related to these plans.)*

Issue 7, July 2023

National Immunization Awareness Month — which runs throughout August — is an excellent time to remind your patients that receiving all recommended vaccines protects against serious illness.

In fact, educating patients about the effectiveness of vaccines has never been more important. There's a lot of misinformation regarding vaccines on the internet and social media, and that has resulted in some people refusing to get themselves or their children vaccinated; such a decision can lead to unnecessary and even life-threatening illnesses.

Drop in Vaccination Rates

Recent data from the Centers for Disease Control and Prevention (CDC) show that vaccination rates for children, teens, and adults dropped in 2020 and 2021 during the COVID-19 pandemic. Other factors related to declining immunization rates include religious reasons, safety concerns, and personal beliefs or philosophical reasons. Some

parents mistakenly believe that preventable diseases — for which there are approved and effective vaccinations — are not very prevalent, so their children are at minimal risk of contracting these illnesses. There's also a false belief that preventable diseases are somehow **not** serious or life-threatening.

What You Can Do

Patients trust you as their Primary Care Provider and, therefore, listen to your recommendations. We encourage you to educate your patients on the value of immunizations.

The National Foundation for Infectious Diseases® shares 10 reasons to get vaccinated:

1. Vaccine-preventable diseases have not gone away
2. Vaccines help keep you healthy
3. Vaccines are as important to your overall health as diet and exercise
4. Vaccination can mean the difference between life and death
5. Vaccines are safe
6. Vaccines cannot give you the diseases they are designed to prevent
7. Young and healthy people can get very sick, too
8. Vaccine-preventable diseases are expensive
9. When you get sick, your children, grandchildren, and parents are at risk, too
10. Everyone deserves the chance to stay healthy

Immunization schedules by age can be downloaded from the CDC website:

- Infants and Child (through 6 years) Immunization Schedule
- Preteens and Teens (ages 7 through 18) Immunization Schedule
- Adult (ages 19 years or older) Immunization Schedule

The Provider Resource Center (PRC) has the following educational materials available for download:

- Childhood Immunization Brochure & Schedule
- Childhood Immunization Flyer
- Preventive Health Reminder Poster
- Flu Flyer (English and Spanish)
- Adolescent Immunization Bookmark
- Health Screening and Vaccination Tracker (English and Spanish)

- HPV Information Card

To access them, go to the **PRC**, select **EDUCATION/MANUALS** from the left menu and then click **Educational Resources – Member And Provider**. Highmark's Preventive Health Guidelines are also available from the drop-down menu under **EDUCATION/MANUALS**.

Diversity Business Classification Survey – Deadline This Friday

Highmark's Provider Supplier Diversity Initiative is conducting a survey to gather demographic data on providers in our network to ensure that our overall network re ects the diversity of the members and patients we serve. Interested in participating? Hurry, survey closes this **Friday, August 4**. Click here to get started.

"Stabilize and Transfer" OON Protocol Will Not Be Reinstated

The "Stabilize and Transfer" out-of-network (OON) protocol was not reinstated for all narrow network products on **July 6, 2023**, as had been previously announced. In accordance with the **No Surprises Act** (NSA), Highmark will continue to pay out-of-network providers directly when they render emergency services to members who are receiving care in a hospital or freestanding emergency department. For more information on the NSA, visit the Provider Resource Center and select **No Surprises Act** from the left menu.

New Capabilities Added to Provider Data Maintenance Tool

Highmark continues to make enhancements to its new Provider Data Maintenance (PDM) tool. Professional providers are now able to use PDM to view the following credentialing process information:

- Insights into where credentialing applications are in the process
- Open and closed cases

Click here to read the **Special Bulletin**.

Medical Policy Update Newsletter

The July newsletter is available here.

Telehealth Section Updated

The Telemedicine and Virtual Visits section on the Provider Resource Center includes two recent changes:

- A new Q and A on coding for Annual Wellness Visits under the **Coding/Billing/Reimbursement** section
- An updated answer regarding the use of communications technologies, such as Skype and FaceTime, under the **Access** section.

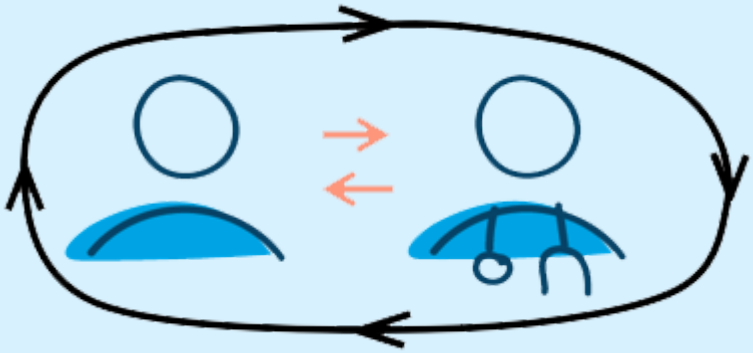
New Clinical Support Program Resource Page

To help you get more information about some of our patient clinical support programs, we've added a new page on the Provider Resource Center (PRC). These programs support our Living Health strategy to improve the patient and provider experience and reduce administrative burden for you.

Eligible members may enroll directly in these programs as part of their benefits, and we want to make sure you can find out more about the programs your patients are enrolled in or interested in using. We hope having access to this information will help you recommend enrollment to your eligible patients.

Currently, the available programs focus on:

- Diabetes Management
- Musculoskeletal Care
- Kidney Care Management
- Telemedicine
- Behavioral Health



New programs will continue to be added to this page as they become available. Overviews, eligibility/exclusion criteria, health outcomes and more are included for each program.

Please check member benefits to confirm eligibility in your region. To visit this new page and learn more about these programs, click here.

PHARMACY AUTHORIZATION SUBMISSIONS

Moving to New Auth Automation Hub

Effective **August 11, 2023**, electronic authorization requests for Pharmacy will be automatically routed to our Auth Automation Hub.

The Auth Automation Hub enables offices to submit, update, and query medical authorization requests. It features an easy-to-use interface that allows for faster reviews and greater transparency around the status of authorization requests.

As of **August 11, 2023**, the following authorization request types can be completed using the Auth Automation Hub, which is accessible via NaviNet®:

Inpatient Urgent	Inpatient Non-Urgent	Outpatient
• Urgent Admission • Newborn	• Planned Medical • Planned Surgical • Large Joint Procedures*	• Planned Medical • Planned Surgical • Speech Therapy

	• Spine Surgery Procedures* • Chemotherapy • Skilled Nursing Facility • Acute Rehab • Long Term Acute Care **Highmark managed only.*	• CORF – Physical Therapy • CORF – Occupational Therapy • Home Health Care • Hospice • Large Joint Procedures • Spine Surgery Procedures • Pain Management Procedures • Lab Management – Genetic Testing • Advanced & Cardiac Imaging – Request • Radiation Therapy – All Services • Medical Drug and Chemotherapy • Pharmacy

The preferred method for requesting a pharmacy authorization electronically is through CoverMyMeds. The new Auth Automation Hub is another electronic option available for providers.

Reference Guides

We have a number of step-by-step reference guides available on the Provider Resource Center (PRC) to assist you with the authorization process:

Pharmacy/Formulary

- Understanding Formulary Restrictions and Requesting an Authorization

Authorizations

- Auth Automation Hub Frequently Asked Questions
- Inpatient Authorization Guides:
  - Non-Urgent Inpatient Authorization Submission
  - Urgent Inpatient Authorization Submission

- Outpatient Authorization Guide

Resources

For additional resources on the Provider Resource Center, go to **AUTHORIZATIONS** on the left menu, click on **Procedures/Service Requiring Prior Authorization**. If you need assistance regarding electronic authorization workflows, you can email us at ElecAuthSubmit@highmark.com.

Correction: Reimbursement Changes to Incident To Services

Last month's *Provider News* article about **Reimbursement Policy (RP)–010**: **Incident To Billing Services and Advanced Practice Provider Reductions** contained incorrect information.

Below is the corrected update for RP-010:

Correction: RP-010 Update

RP-010 Incident To Billing Services and Advanced Practice Provider Reductions

For West Virginia: West Virginia was inadvertently checked as an applicable Commercial market in the current version of RP-010. This will be corrected in the updated policy. Highmark will continue to reimburse for these services for Medicare Advantage products, as well as for Mid-Level Practitioners and Advanced Practice Providers who have been enumerated and bill using their own provider ID.*

For Pennsylvania: Incident To services for Commercial products will no longer be recognized, effective **January 1, 2024**. Highmark will continue to reimburse for these services for Medicare Advantage products, as well as for Mid-Level Practitioners and Advanced Practice Providers.*

For Delaware: Only non-Primary Care Physician (PCP) Incident To services will no longer be applicable to the policy, effective **January 1, 2024**. PCP Incident To services will still be covered. Highmark will also continue to reimburse for these services for Medicare Advantage products, as well as for Mid-Level Practitioners and Advanced Practice Providers who have been enumerated and bill using their own provider ID.*

For New York: New York was inadvertently checked as an applicable Commercial market in the current version of RP-010. This will be corrected in the updated policy. Highmark will continue to reimburse for these services for Medicare Advantage products, as well as for Mid-Level Practitioners and Advanced Practice Providers.*

Direction for continued reimbursement for Mid-Level Practitioners and Advanced Practice Providers will be published in a new policy, RP-068 (see* **NEW: RP-068 *further down in this article), effective on* ***September 25, 2023****.*

September 25

NEW: RP-068 Mid-Level Practitioners and Advanced Practice Providers
Highmark has created RP-068 to provide direction on reimbursement for Mid-Level Practitioners and Advanced Practice Providers. *(NOTE: This policy will be available on the PRC on September 25.)*

Below is a list of recently updated and upcoming Reimbursement Policies (RPs):

RECENTLY UPDATED

July 3

RP-007 Multiple Procedure Payment Reduction for Certain Diagnostic Imaging Procedures

Codes 0807T and 0808T were added to the APPENDIX A – Procedure Codes Applicable To Professional And Technical Component Reduction section. Code

0804T was added to the APPENDIX B – Applicable Cardiovascular Procedure Codes section.

RP-042 Global Surgery and Subsequent Services
Codes 0793T, 0795T, 0796T, 0797T, 0798T, 0799T, 0800T, 0801T, 0802T, 0803T, 0805T, 0809T, and 0810T were added to the global YYY codes sections for Medicare Advantage and Commercial.

July 10

RP-015 Professional and Technical Components for Applicable Services
The Public Health Emergency (PHE) exception note was removed. Codes 99000 and 99001 returned to pre-PHE policy direction.

RP-016 Physician Laboratory and Pathology Services
The PHE exception note was removed. Codes 99000 and 99001 returned to pre-PHE policy direction.

RP-027 Hemodialysis and Peritoneal Dialysis
Policy exception notes pertaining to the PHE were removed. A definitions section was added.

RP-041 Services Not Separately Reimbursed
PHE exception notes and end-dated codes G2023, G2024, and U0005 were removed. Codes 99000, 99001, 90887, 99024, 99374, 99377, 99378, 99379, 99380, and 99483 returned to pre-PHE direction.

RP-046 Telemedicine and Telehealth Services
This policy was updated with post-PHE direction.

RP-054 Ambulance Services
The PHE exception note for destination requirements was removed.

RP-064 Government Supplied Vaccinations and Antibody Treatments
Direction was updated for codes 91303, 0031A, and 0034A.

July 24

RP-002 Co-Surgery
This policy was reviewed as part of our standard review process. No changes in direction were made.

RP-014 Bilateral and Multiple Surgical Procedures
This policy was reviewed as part of our standard review process. No changes

in direction were made.

RP-017 Evocative or Suppression Testing Panels
This policy was reviewed as part of our standard review process. No changes in direction were made.

RP-018 Myocardial Perfusion SPECT Imaging
This policy was reviewed as part of our standard review process. No changes in direction were made.

RP-021 Annual Gynecological and Rectal Exams
This policy was reviewed as part of our standard review process. No changes in direction were made.

RP-023 Newborn Care, Obstetrical Delivery, Antepartum and Postpartum Care and Associated Services
This policy was reviewed as part of our standard review process. No changes in direction were made.

RP-025 Implantation of Subcutaneous Intravascular Catheter
This policy was reviewed as part of our standard review process. No changes in direction were made.

RP-030 Insertion of Tissue Expanders
This policy was reviewed as part of our standard review process. No changes in direction were made.

UPCOMING

August 7

RP-032 Pain Management
This policy was reviewed as part of our standard review process. No changes in direction were made.

RP-034 Prolonged Detention or Critical Care
This policy was reviewed as part of our standard review process. No changes in direction were made.

RP-041 Services Not Separately Reimbursed
This policy will be made applicable to facility (UB) claims.

August 31 (Effective September 1):

RP-019N Drugs and Biologicals
An updated version of this policy will be available for review on the PRC on August 31, 2023, and will be effective beginning **September 1, 2023**. Drug tiering is being eliminated for Delaware, Pennsylvania, and West Virginia. To access this reimbursement policy, log into NaviNet® and select Resource Center from the left menu. Once redirected to the PRC, select **CLAIMS, PAYMENT & REIMBURSEMENT** in the left menu and then click **Reimbursement Policy**.

September 25

NEW: RP-068 Mid-Level Practitioners and Advanced Practice Providers
Highmark has created RP-068 to provide direction on reimbursement for Mid-Level Practitioners and Advanced Practice Providers. *(NOTE: This policy will be available on the PRC on September 25, 2023.)*

October 30

RP-026 Portable Radiography and ECG Services – Modifiers UN, UP, UQ, UR, US
This policy will be made applicable to Medicare Advantage. Additional direction will be added for modifiers UN, UP, UQ, UR, and US when submitted with code R0075 (a transportation service code). These modifiers are also required to be included on all related claims, and the Commercial section will be updated with direction to reflect this requirement..

Authorization Updates

During the year, Highmark adjusts the **List of Procedures and Durable Medical Equipment (DME) Requiring Authorization**. For information regarding authorizations required for a member's specific benefit plan, providers may:

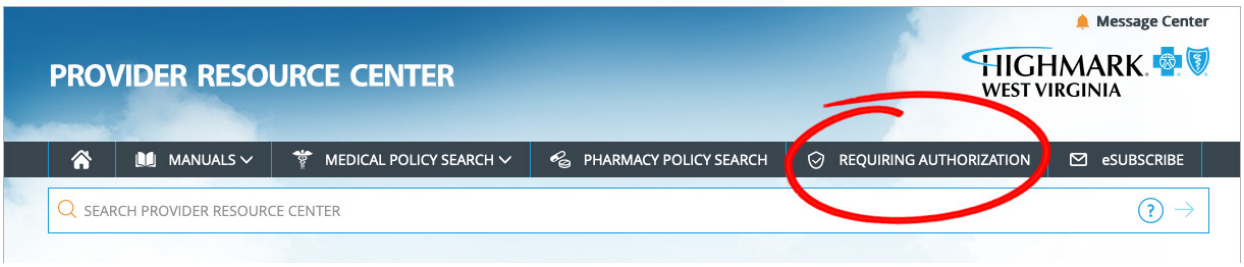
- Call the number on the back of the member's card,
- Check the member's eligibility and benefits via NaviNet®, or
- Search BlueExchange through the provider's local provider portal.

These changes are announced in the form of Special Bulletins and other communications posted on Highmark's Provider Resource Center (PRC). The most recent updates regarding prior authorization are below:

Reminder: Submitting Auth Requests for Medical Injectables in NaviNet

Pharmacy Authorization Submissions Moving to New Auth Automation Hub

To view the full List of Procedures/DME Requiring Authorization, click **REQUIRING AUTHORIZATION** in the gray bar near the top of the PRC homepage.



Once redirected to the **Procedures/Service Requiring Authorization** page, click **View the List of Procedures/DME Requiring Authorization** under **PRIOR AUTHORIZATION CODE LISTS**.

Please note that the Highmark member must be eligible on the date of service and the service must be a covered benefit for Highmark to pay the claim.

NaviNet® is the preferred method for:

- Checking member benefits and eligibility
- Verifying whether an authorization is needed
- Obtaining authorization for services

Quarterly Formulary Updates

View the June 2023 updates to Highmark's prescription drug formularies and related pharmaceutical management procedures at the Formulary Updates page on the **Provider Resource Center (PRC)**. From the left menu, select **PHARMACY PROGRAM/FORMULARIES** and then **Formulary Updates**.

Pharmaceutical Management Procedures

To learn more about how to use these procedures, go to the **PHARMACY PROGRAM/FORMULARIES** section on the PRC. Click on **Pharmacy Information** from the sidebar and then **Pharmaceutical Management** from the list on the right.

This section includes information on:

- Exception requests
- The process for generic substitutions
- Explanations of limits/quotas, therapeutic interchange, and step-therapy protocols

Federal Employee Program (FEP) Drug Formularies and Pharmaceutical Management Procedures

The FEP specific drug formularies are available online. Providers also may obtain formulary information by calling **866-763-3608** and following the prompts for *Pharmacy*.

To learn more about the FEP exception request processes for non-formulary drugs, click here.

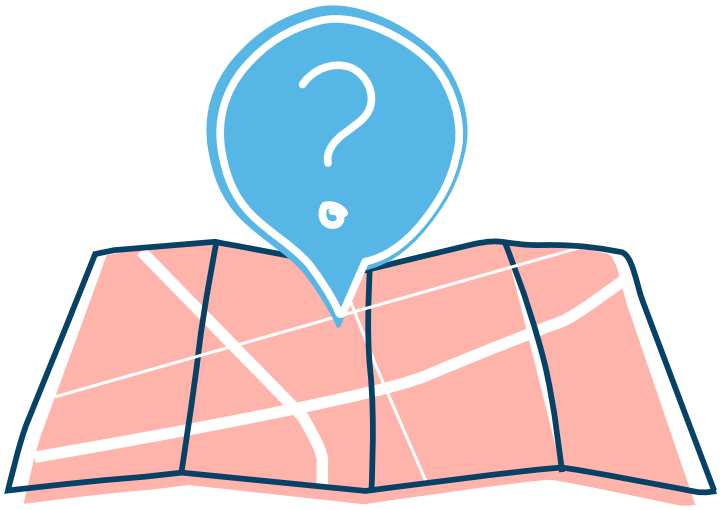
Ensure Your Directory Information Stays Current

The Centers for Medicare and Medicaid Services (CMS) and the No Surprises Act require Highmark to conduct an outreach to providers at a minimum of every 90 days to validate their provider directory information. Verifying your data consistently ensures accurate claims processing and allows members to make informed decisions regarding their health care needs based on the information in the provider directory.



Professional Providers – New PDM Tool

Professional providers are now required to validate their Highmark Provider Directory information within the new Provider Data Maintenance (PDM) tool in NaviNet® every 90 days. **Reminder:** Practitioners will no longer receive calls from Atlas or use PrimeHub, Atlas' provider data management software, to update information.

Please be aware that providers who don't validate their data quarterly may be removed from the Highmark online directory.

Your thorough review of your directory information confirms:

- Each practitioner's name is correct and matches the name on his/her medical license.
- The practice name is correct and matches the name used when you or team members answer the phone.
- All specialties are correctly listed and are currently being practiced.
- The practitioner's address, suite number (if any), and phone number are correct.
- Practitioners listed at a location currently see members and schedule appointments at that office on a regular basis.
    - Practitioners who cover on an occasional basis should not be listed.
- The practitioner is accepting new patients — or not accepting new patients — at the location.

To learn more about the new PDM tool, click here.

Facility, Ancillary, and Medicaid Providers – Atlas

The attestation process through Atlas is quick and easy. Just follow these steps...

1. Go to hub.primeatlas.com.
2. Log in.
3. Review your information.
4. If no changes, confirm.
5. If there are changes, update your information.

If you haven't attested your provider directory information this quarter, you will receive a letter from Atlas to review your provider information. Some providers may also receive emails from Highmark about validating their directory information through the Atlas website this quarter. To ensure delivery of emails from Highmark, please add the following email address, resourcecenter@highmark.com, to your address book.

If you need additional information regarding the attestation process, Atlas' step-by-step guide is available on the Provider Resource Center.

Staying Up to Date With the *Highmark Provider Manual*

Ensure you are regularly reviewing the *Highmark Provider Manual* for our most recent guidance on:

- Participation Rules
- Credentialing/Recredentialing Criteria and Procedures
- Medical Record Criteria
- Requirements for 24/7 Coverage

Some recent noteworthy changes include:

Chapter 4, Unit 1: PCPs and Specialists

- The **4.1 PCP And Medical Specialist Accessibility Expectations** section was updated under **ACCESSIBILITY EXPECTATIONS FOR PROVIDERS**. For Urgent Care Appointments, the Performance Standard was changed from "Office visit within 1 day (24 hours)" to "Immediate response" in the **PCP AND MEDICAL SPECIALIST ACCESSIBILITY EXPECTATIONS** table.

Chapter 5, Unit 1: Care Management Overview

- In the **5.1 Introduction to Care Management** section, "Wellness" replaced "Health Promotion (except in New York)" in a bulleted list of core services.
- In the **5.1 High-Risk Maternity (NY Only)** section:
  - Under **BENEFITS FOR PHYSICIANS, MOTHERS, AND THEIR BABIES**, a link to the Preventive Health Guidelines page of the Provider Resource Center was added. There, the High-Risk Maternity clinical practice guidelines

are included in the Prenatal/Perinatal Care Preventive Health Guidelines.
    - Under **POSTPARTUM VISIT COMPONENTS**, links for supporting documentation were updated.
- In the **5.1 Practice Guidelines and Standards of Care for HIV (NY Only)** section:
    - Under **AIDS INSTITUTE NYSDOH COUNSELING AND TESTING RESOURCES**, the phone number for HIV Counseling was updated.
    - Under **PREGNANT WOMEN AND EXPOSED INFANTS LOST-TO-CARE REQUIRE IMMEDIATE ACTION FOR RE-ENGAGEMENT**, the phone number for the New York State Department of Health Perinatal HIV Prevention Program was updated.

Chapter 5, Unit 2: Authorizations

- In the **5.2 Authorization Request Process** section:
    - Under **HOME HEALTH AUTHORIZATION REQUESTS**, the language was updated to reflect that authorization procedures for Delaware, Pennsylvania, and West Virginia are the same for each region. Previous language gave the appearance that there were different regional procedures.
    - Under **TELEPHONE REQUESTS**, the contact information was updated. Professional providers should use the phone numbers for the appropriate Medicare Advantage program.

Chapter 5, Unit 6: Quality Management

- In the **5.6 Functional Areas and Their Responsibilities** section, the committee list under **QI Committee Structure** (for providers in New York) was updated to include Highmark Inc./Highmark NY Utilization Management Master Service Agreement (MSA) Joint Oversight, and Network Quality and Credentials Committee.
- In the **5.6 Case Review Process for Quality Concerns** section, language under **IMPORTANT!** (for providers in New York) was updated to: "Members are able to make clinical quality of care complaints to the health plan."
- In the **5.6 Clinical Quality** section under **CONDITION MANAGEMENT PROGRAM, HIV/AIDS** was added to the list of chronic conditions for which members are eligible to receive health coaching.

To see the full list of recent changes, visit the Highmark Provider Manual Changes page.

About This Newsletter

Provider News is a valuable resource for health care providers who participate in our networks. Published monthly on the last Monday of the month*, *Provider News* conveys important product, policy, and administrative information, including billing, claims, and program updates.

The publication also features the latest news, information, tips, and reminders about our products and services, as well as relevant interviews, articles, and stories, for health care professionals who serve Highmark members.

Regular topics include:

- New and Updated Reimbursement Policies
- Authorization Updates
- Staying Up to Date with the *Highmark Provider Manual*

*When a holiday falls on the last Monday of the month, *Provider News* will be published on the preceding Friday.

Another Valuable Resource

For medical policy and claims administration updates, including coding guidelines and procedure code revisions, please refer to the ***Medical Policy Update Newsletter***.

You can access both *Provider News* and the Medical Policy Update Newsletter on the Provider Resource Center from the **NEWSLETTERS/NOTICES** link on the sidebar. Email subscriptions are available via the **eSubscribe** button on the PRC taskbar.

Comments/Suggestions Welcome

We want *Provider News* to meet your needs for timely, effective communication. If you have any suggestions, comments, or ideas for articles in future issues, please email the *Provider News* team at ResourceCenter@Highmark.com.
