## Medicare Advantage Medical Policy Search Removal From Provider Resource Center

Effective **February 13, 2023**, access to the Medicare Advantage Medical Policy search site will be removed from the Highmark Provider Resource Center (PRC) – and the search site will be taken down.

The search site removal is taking place in conjunction with the transition to MCG Health clinical guidelines. Highmark's move from Change Healthcare (InterQual) to MCG will more fully support our [Living Health](#) strategy and allow us to upgrade our Utilization Management (UM) capabilities and automation.

Providers should use the Centers for Medicare and Medicaid Services [Medicare Coverage Database website](#) to search National Coverage Determinations (NCDs), Local Coverage Determinations (LCDs), and Local Coverage Articles (LCAs).

The Medicare Advantage Medical Policy search site and Medicare Coverage Database contain identical information on NCDs, LCDs, and LCAs – so providers will still be able to access the same information, just on a different website. The [CMS site](#) is where you will find the most up-to-date coverage determinations.

For more information on the switch to MCG Health, you can read our Special Bulletin: [MCG Chosen as Utilization Management Clinical Criteria Vendor](#) and the article in our December 2023 *Provider News* newsletter which can be found under **NEWSLETTERS/NOTICES** in the left-hand menu of the PRC.
