You may access the complete statewide PDL now through the Department of Human Services website at: https://papdl.com/preferred-drug-list. The searchable PDL and prior authorization guidelines will also be located on the Highmark Wholecare Medicaid website at highmark.com/wholecare.

Additional Information

- Any decision to deny a prior authorization is made by a Medical Director based on individual member needs, characteristics of the local delivery system, and established clinical criteria.

- NaviNet is the most efficient means to request authorization. A new NaviNet form with autofill functionality will be added to the Authorization Request Forms to make completing and submitting your online requests easier and faster.

- The prior authorization look up tool (accessed via NaviNet) will be updated to show prior authorization requirements for these medications.

- Oncology and supportive therapy requests are reviewed by OncoHealth (OH). These requests should

be submitted via Navinet (https://navinet.navimedix.com) and/or OH directly (www.oncohealth.us) and click on Provider Login from the menu at the top of the page). If you require assistance submitting requests, please contact OH's provider relations at 1-888-916-2616 Ext. 806.

- For a smooth transition to the prior authorization process, you may begin to submit authorization requests beginning 07/03/2025 for dates of service on 07/07/2025 and beyond.

- Authorization does not guarantee payment of claims. Medications listed above will be reimbursed by Highmark Wholecare only if it is medically necessary, a covered service, and provided to an eligible member.

- Non-covered benefits will not be paid unless special circumstances exist. Always review member benefits to determine covered and non-covered services.
